# Exceptional income of Rs. -258.79 crores. (YTD INR 131.98 crores) due to fair valuation of equity and assets on consolidation of Snowman Logistics Limited which became subsidiary from December 24, 2024, was included in PBT and PAT of Q4 and YTD FY 25, however same has been eliminated from above table to make numbers comparable.

**Prem Kishan Dass Gupta, Chairman & Managing Director**, said, “The company’s performance for the first 9 months was strong, however Q4 has been impacted by the West Asia crisis. Volumes remain subdued, as customers do not have enough clarity on when the Middle East conflict will end. However, we still remain hopeful that trade volumes will grow in the medium to long term, with the trade deals that India continues to sign with other countries. We have also started movement of steel coils from Ankleshwar and continue adding volumes to our domestic segment. In addition to constructing a new ICD at Indore, we are still exploring more opportunities in both greenfield and asset light models. We are also looking to expand the warehouse network of Snowman Logistics – both through owned as well as asset-light build to suit model.
