Independent Auditor's Report

To the Members of Kashipur Infrastructure And Freight Terminal Private Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of **Kashipur Infrastructure And Freight Terminal Private Limited** ("the Company"), which comprise the Balance Sheet as at 31 March 2026, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash flows and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements read together with other notes thereon, give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of the affairs of the company as at March 31, 2026, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with relevant rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- (g) No remuneration was paid by the Company to its directors during the year except the sitting fee which is within the prescribed limit and accordingly the provisions of Section 197(16) of the Act are not applicable.
- (h) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 2 (b) above on reporting under Section 143(3)(b) and paragraph 2 (i) (vi) below on reporting under Rule 11(g).
- (i) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 25 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
 - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
 - directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or
 - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
 - (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) (a) and (iv) (b) contain any material mis-statement.
 - v. The interim dividend declared and paid by the Company during the year is in accordance with Section 123 of the Act.
 - vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant

transactions recorded in the software except that, audit trail feature is not enabled at database level, as described in note 40 to the financial statements.

Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail to the extent it was enabled has been preserved by the Company as per the statutory requirements for record retention.

Annexure-A to the Independent Auditor's report

With reference to the 'Annexure A' referred to in the Independent Auditors' Report to the Members of **Kashipur Infrastructure And Freight Terminal Private Limited** ('the Company') on the financial statements for the year ended March 31, 2026, we report the following:

- i. (a) A. The Company has maintained proper records showing full particulars, including quantitative details and the situation of property, plant and equipment.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified every year. In accordance with this programme, property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment and Intangible Assets during the year.
- (e) According to information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- ii. (a) The Company does not have any inventory and hence reporting under clause 3(ii)(a) of the Order is not applicable.
(b) Based on our audit procedures & according to the information and explanation given to us, the Company has been sanctioned working capital limit in excess of five crore rupees, in aggregate, from a bank on the basis of security of current assets. Quarterly returns or statements filed by the company with such bank are in agreement with the books of account of the Company for respective quarters. The Company has not been sanctioned working capital limits from financial institutions during any point of time of the year.
- iii. (a) During the year, the Company has not provided any loans or provided any advances in the nature of loans, or guarantee, or security to any other entity during the year. Accordingly, reporting under clauses 3(iii)(a) of the Order is not applicable to the Company.

- (b) The Company has not provided any guarantee or given any security or granted any loans or advances in the nature of loans during the year. However, the Company has made investments in a mutual fund, amounting to INR 271.26 lakhs (year-end balance) and in our opinion and according to the information and explanations given to us, the investments made are, prima facie, not prejudicial to the interest of the Company.
- (c) The Company does not have any outstanding loans and advances in the nature of loans at the beginning of the current year nor has granted any loans or advances in the nature of loans during the year. Accordingly, reporting under clauses 3(iii) (c), 3(iii)(d), 3(iii)(e) and 3(iii)(f) of the Order is not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of investments, as applicable. Further, the Company has not entered into any transaction covered under section 185 and section 186 of the Act in respect of loans granted, guarantees and security provided by it.
- v. The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company
- vi. The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause 3(vi) of the Order is not applicable to the Company.
- vii. (a) The Company has been generally regular in depositing undisputed statutory dues, including Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Duty of Customs, duty of Excise, Value Added Tax, cess and any other material statutory dues applicable to it to the appropriate authorities.
- (b) There were no undisputed amounts payable in respect of Goods and Service Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2026 for a period of more than six months from the date they became payable.
- (c) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2026, on account of disputes are given below:

Name of Statute	Nature of dues	Amount (Rs. in lakhs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Penalty	0.70	AY 2014-15	CIT (Appeals)
Income Tax Act, 1961	Income Tax	27.03	AY 2015-16	CIT (Appeals)

- viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year.
- ix. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans and borrowing or in the payment of interest thereon to any lender during the year.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been declared a willful defaulter by any bank or financial institution or government or government authority.
- (c) The company has not obtained any term loans during the year. Further there were no term loans which were unutilised at the beginning of the year. As such, reporting under sub-clause (c) of clause 3(ix) is not applicable to the company.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not hold any investment in any subsidiary, associate or joint venture (as defined under the Companies Act, 2013) during the year ended 31 March 2026. Accordingly, clause 3(ix)(e) is not applicable.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the company does not have any subsidiary, associate or joint venture (as defined under Companies Act, 2013). Accordingly, clause 3(ix)(f) of the Order is not applicable.
- x. (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- xi. (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the course of the audit
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) The Company is not required by statute to implement vigil mechanism under Companies Act, hence reporting under clause 3(xi) (c) of the Order is not applicable.
- xii. The Company is not a Nidhi Company and therefore, the provisions of clause 3 (xii) of the said Order are not applicable to the Company.

- xiii. In our opinion and according to the information and explanations given to us the Company is in compliance with Section 188 of the Companies Act, 2013, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards. The provisions of section 177 of the Companies Act, 2013 are not applicable to the Company.
- xiv. The provisions of Internal Audit under Companies Act, 2013 are not applicable to the Company. Accordingly, provisions of Paragraph 3 clause xiv(a) and (b) of the Order are not applicable.
- xv. On the basis of records made available to us and according to information and explanations given to us and based on the examination of the records of the Company, the Company has not entered into non-cash transactions with the directors or persons connected with him covered within the meaning of section 192 of the Act. Accordingly, paragraph 3(xv) of the order is not applicable.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
- (b) The Company has not conducted non-banking financial/housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) According to the information and explanation given to us by the management, the Group does not have any Core Investment Company (CIC) as part of the Group as per the definition of Group contained in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence the reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred any cash losses in the financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable / paragraph 3(xviii) of the Order is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. The requirements as stipulated by the provisions of Section 135 are not applicable to the Company. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure 'B' to the Independent Auditor's Report

Report on the Internal Financial Controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the financial statements of **Kashipur Infrastructure And Freight Terminal Private Limited** ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the financial statements.

Meaning of Internal Financial Controls with reference to the financial statements

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to the financial statements includes those policies

and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the financial statements

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial control with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as of March 31, 2026, based on the internal financial controls with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Statement of Cash Flows for the year ended March 31, 2026

(Amount in Rs. lakhs)

Sl no.	Particulars	Year ended March 31, 2026	Year ended March 31, 2025
A	Cash flow from Operating Activities		
	Profit/(Loss) before Tax for the year	402.10	335.73
	Adjustments for :-		
	Depreciation and Amortisation expense	386.79	375.98
	Liabilities/ Provisions no longer required Written back	(0.78)	(7.07)
	Finance Costs	0.83	0.60
	Gain on sale of investments measured at FVTPL(net)	(9.48)	(8.15)
	Gain on fair valuation of investments measured at FVTPL	-	(1.66)
	Loss on fair valuation of investments measured at FVTPL	0.03	-
	Interest on Fixed Deposits with Banks	(2.97)	(3.50)
	Operating Profit / (Loss) before working capital changes	776.52	691.93
	Working capital adjustments for :-		
	(Increase)/decrease in Other Non-Current Assets	(0.89)	(3.35)
	(Increase)/decrease in Other Current Assets	(9.26)	(7.41)
	(Increase)/decrease in Trade Receivables	277.89	91.43
	(Increase)/decrease in Other Non-Current Financial Assets	(0.27)	3.61
	Increase / (decrease) in Trade Payables	177.30	72.99
	Increase / (decrease) in Other Current Financial Liabilities	0.46	0.54
	Increase / (decrease) in Other Current Liabilities	58.99	17.23
	Increase/(decrease) in Provisions	(0.57)	5.34
	Cash generated from operations	1,280.16	872.31
	Taxes paid (net of refunds)	12.77	69.11
	Net Cash (Used in) / Generated from Operating Activities	1,292.93	941.42
B	Cash Flow from Investing Activities		
	Purchase of property, plant and equipment (includes capital advances & capital work in progress)	(119.24)	(280.16)
	Interest income	2.97	3.50
	(Purchase of)/Proceeds from investments measured at FVTPL(net)	(159.00)	(93.00)
	Proceeds/(Investment) from/in term deposits (having original maturity of more than 3 months)	(2.66)	48.50
	Net Cash (Used in)/generated from Investing Activities	(277.93)	(321.16)
C	Cash Flow from Financing Activities		
	Repayment of Non-Current Borrowings (Repayment)/Proceeds from Current Borrowings (net)	-	(92.71)
	Dividends Paid	(1,010.59)	(505.30)
	Finance Costs	(0.83)	(0.60)
	Net Cash (Used in)/generated from Financing Activities	(1,011.42)	(598.61)
D	Net Increase/(Decrease) in Cash & Cash Equivalents [A+B+C]	3.59	21.65
	Cash & Cash Equivalents at the beginning of the year (Refer Note 8(a))	28.31	6.66
	Cash & Cash Equivalents at the end of the period/year (Refer Note 8(a))	31.90	28.31

Notes:

- Cash Flow Statement has been prepared under the Indirect Method as set out in the Indian Accounting Standard 7 (Ind AS -7) " Statement of Cash Flows.
- Purchase of Property, Plant & Equipment includes movement of capital work-in-progress, and capital advances & payables during the year.
- Previous year figures have been regrouped/ restated wherever considered necessary to make them comparable.

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

1.1 CORPORATE INFORMATION

Kashipur Infrastructure and Freight Terminal Private Limited is a private limited company domiciled in India, incorporated under the provisions of Companies Act, 1956 and is a subsidiary of Gateway Distriparks Limited holding 99.92% of share capital.

The Company is providing Rail based logistic solutions, road transportation services, multi model logistics solution, warehousing services, cargo handling services, inland container depot, third party logistics, and to act in any other manner as a logistics service provider.

1.2 STATEMENT OF MATERIAL ACCOUNTING POLICIES

A. Basis of Preparation and Presentation of Financial Statements

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The aforesaid Financial Statements were approved by the Company's Board of Directors and authorised for issue on 7th May 2026.

Use of Estimates

The preparation of the financial statements requires management to make Judgments, estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note no. 1.3 on significant accounting estimates, assumptions and judgments).

B. Current / Non-current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets and their realization in cash and cash equivalents.

C. Property, Plant and Equipment

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition. Expenses directly attributable to new facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

The Assets' residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate. Depreciation on Plant, Property and equipment has been provided using straight line method over the useful life of assets as specified in Schedule II of the Companies Act, 2013.

D. Intangible Assets

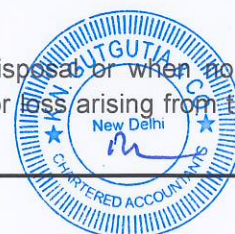

Intangible assets acquired separately are measured on initial recognition at cost and Identifiable intangible assets are recognized when:

- a) the Company controls the asset,
- b) it is probable that future economic benefits attributed to the asset will flow to the Company and
- c) the cost of the asset can be reliably measured.

Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

License fees and computer software are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of license. The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the De-

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

recognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

E. Impairment

Assets that have an indefinite useful life are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation and amortization are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

F. Revenue recognition and other income

The Company is principally engaged in a single segment viz. Inter-Modal Container Logistics, based on the nature of its services, related risks & returns, and Company's internal business reporting system.

Ind AS 115 "Revenue from Contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition:

- Identify the contract(s) with a customer
- Identify the performance obligations
- Determine the transaction price
- Allocate the transaction price to the performance obligations
- Recognise revenue when or as an entity satisfies performance obligation

Revenue from contracts with customers is recognised when control of the services are transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those services. The Company has generally concluded that it is the principal in its revenue arrangements, except for the agency services, because it typically controls the services before transferring them to the customer. Revenue excludes amounts collected on behalf of third parties.

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

Performance Obligation

At contract inception, the Company assess the services agreed in contracts with customers and identifies relevant primary performance obligations to provide distinct services to the customers as below:

Rendering of services:

(i) Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

(ii) The Company recognises revenue when the amount of revenue can be reliably measured, and it is probable that future economic benefit will flow to the entity and specific criteria have been met for each of the Company activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

(a) Revenue from transportation services (rail and road) is recognized on the satisfaction of the performance obligations. The service performance period for these services may vary based on the method of transport. The service period for these services is usually for a short duration. Hence, revenue from these services is recognised over the service period as the Company fulfils the primary obligation of transportation of goods.

(b) The Company also provide certain ancillary logistics services, such as container's storage and handling, income from which is recognised on proportionate completion of the movement and delivery of container's to the party/ designated place.

(c) Income from Ground Rent is recognised for the period the container is lying in the Inland Container Depots and Container Freight Station. However, in case of long standing containers, the income from Ground Rent is not accrued for a period beyond 60 days as on the basis of past history the collectability is not reasonably assured.

(d) Income from auction sales is recognised when the Company auctions long-standing cargo that has not been cleared by customs. Revenue and expenses for Auction sales are recognised when auction is completed after obtaining necessary approvals from appropriate authorities. Auction sales include recovery of the cost incurred in conducting auctions, accrued ground rent and handling charges relating to long-standing cargo. Surplus, out of auctions, if any, after meeting all expenses and the actual ground rent, is credited to a separate account 'Auction Surplus' and is shown under the head 'Contract Liabilities'. Unclaimed Auction Surplus, if any, in excess of period specified under the Limitations Act is written back as 'Income' in the following financial year.

Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost

of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

G. Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. A financial assets or a liability is recognised when the Company becomes a Party to the contractual provision of the instrument.

i. Financial Assets

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. Financial assets include cash and cash equivalent, Trade & other receivables, other eligible current and noncurrent assets.

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash-flow characteristics. Based on the criteria, the Company classifies its financial assets into the following categories:

- Financial assets measured at amortized cost
- Financial assets measured at fair value through other comprehensive income (FVTOCI)
- Financial assets measured at fair value through profit or loss (FVTPL)

Financial assets measured at amortized cost

A financial asset is measured at the amortized cost if both the following conditions are met:

- The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are subsequently measured at amortized cost using the effective interest method.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if both of the following conditions are met:

- The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to certain financial assets and subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Other Comprehensive Income

(OCI). However, the Company recognizes interest income and impairment losses and its reversals in the Statement of Profit and Loss. On de-recognition of such financial assets, cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss.

Financial assets measured at fair value through profit or loss (FVTPL)

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above. This is a residual category applied to all other financial assets. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

De-recognition

A financial asset is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- The contractual rights to cash flows from the financial asset expires;
- The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

Impairment of financial assets

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the financial assets. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive, discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

ii. Financial liabilities

Financial liabilities include borrowing from bank, short term loan and trade & other payables. All financial liabilities recognized initially at fair value and, in the case of loans and borrowing and other payable, net of directly attributable transaction costs. After initial recognition, financial liabilities are classified under one of the following two categories:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss.

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

Financial liabilities at fair value through profit or loss are at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

After initial recognition, such financial liabilities are subsequently measured at amortized cost by applying the Effective Interest Rate (EIR) method to the gross carrying amount of financial liability. The EIR amortization is included in finance expense in the statement of profit and loss.

De-recognition of financial liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the De-recognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

H. Lease Accounting

Company as a lessee

The Company assesses whether a contract contains lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset; (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a lease term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the fixed lease payments including variable lease payments that depend on an index or a rate. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate of the Company. Lease liability and ROU asset have been separately presented in the balance sheet and lease payments have been classified as financing cash flows.

I. Taxation

Income tax expense represents the sum of current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set and presented as net.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that in future taxable profits will be available to set off such deductible temporary differences. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

J. Provisions and contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each reporting period and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized in financial statements but are disclosed, if any.

K. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

L. Cash & cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amount of cash that are subject to an insignificant risk of change in value and having original maturities of less than three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of cash in hand and balance with banks including margin money.

M. Segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

N. Earnings per equity share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

O. Impairment of Non-Financial Assets

Assessment for impairment is done at each Balance Sheet date as to whether there is any indication that a non-financial asset may be impaired. Indefinite life intangibles are subject to a review for impairment annually or more frequently if events or circumstances indicate that it is necessary. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit.

If any indication of impairment exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made. Asset/cash generating unit whose carrying value exceeds their recoverable amount are written down to the recoverable amount by recognising the impairment loss as an expense in the Statement of Profit and Loss. The impairment loss is allocated first to reduce the carrying amount of any goodwill (if any) allocated to the cash generating unit and then to the other assets of the unit, pro rata based on the carrying amount of each asset in the unit. Recoverable amount is higher of an asset's or cash generating unit's fair value less cost of disposal and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased, basis the assessment a reversal of an impairment loss for an asset other than goodwill is recognised in the Statement of Profit and Loss account.

P. Standards issued but not yet effective

Ind AS 1 - Presentation of Financial Statements

If a covenant breach occurs on or before the reporting date and the liability becomes payable on demand, it must be classified as current, even if the lender subsequently agrees not to demand repayment. It is classified as current because, at the reporting date, the entity does not have the right to defer settlement for at least 12 months. However, if the lender has already provided—by the reporting date—a grace period extending at least 12 months beyond that date, during which the breach can be rectified and repayment cannot be demanded, the liability is classified as non-current. This amendment is to be applied retrospectively for annual reporting periods beginning on or after 1 April 2026, in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors.

1.3 Critical accounting estimates, assumptions and judgments

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments, which have significant effect on the amounts recognised in the financial statement. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to assets or liabilities affected in future periods.

Property, plant & equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's

Kashipur Infrastructure And Freight Terminal Private Limited

Notes to the financial statements for the year ended 31 March 2026

expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

Taxation

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities based on probability that taxable profit will be available against which the deductible temporary differences can be utilized. Based on the market projections and first year operation of the company, management is not expected taxable profit to accrue in near future. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

Allowance for uncollected accounts receivable and advances

Receivables and advances are stated at their transaction value as reduced by appropriate allowances for estimated irrecoverable amounts. Receivables and advances are written off on case-to-case basis when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

26 Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) are Nil (Previous Year Rs. 21.51 lakhs).

27 Other Commitments- Nil

28 Financial risk management objectives and Policies

The company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The company's financial asset comprises mainly of cash and cash equivalents, other balances with banks, trade receivables and other receivables.

The Company's activities are exposed to a variety of financial risks from its operations. The key financial risks include market risk, credit risk and liquidity risk. The company's overall risk management policy seeks to identify, assess and mitigate financial risk in order to minimize potential adverse effects on company's financial performance.

a. Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises mainly two types of risks: foreign currency risk & interest rate risk. Financial instruments affected by market risk includes borrowings, investments, trade payables, trade receivable, loans and derivative financial instruments.

(i) Foreign Currency Risk

Foreign Currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. However, there are no foreign currency transaction during the year and no outstanding receivables & payables at the year end. Therefore, the company is not exposed to any foreign currency risk as on date.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any change in the interest rates environment may impact future rates of borrowings. The company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiation with the lenders for ensuring the cost effective method of financing.

The following table demonstrates the sensitivity to a reasonable possible change in interest rate on financial assets affected. With all other variable held constant, the company's profit before tax is affected through the impact on finance cost with respect to our borrowings, as follows:

A change in 50 basis points in interest rates would have following impact on profit before tax.

Particulars	Rs. lakhs	
	As at 31.03.2026	As at 31.03.2025
Change in basis point	+50	+50
Effect on profit before tax	-	-
Change in basis point	-50	-50
Effect on profit before tax	-	-

b. Credit Risk

Credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company, Credit risk arises primarily from financial assets such as trade receivables, other receivables, other balances with banks and security deposits. The Company's exposure to credit risk is disclosed in Note 4 and Note 7 to Note 8.

In case of trade and other receivables, the company's exposure to the credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customers, including the defaults risk of the industry and country in which the customer operate also has an influence on credit risk assessment. The following table gives details in respect of revenues generated from top customer and other customers:

Particulars	Rs. lakhs	
	Year ended March 31, 2026	Year ended March 31, 2025
Revenue from top customer exceeding 10% of total revenue	1,526.80	932.20
Other customers	595.40	766.89
Total	2,122.20	1,699.09

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i Trade receivables
- ii Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. Subsequently, if credit risk has increased significantly, if the credit quality of the ECL is measured and recognized as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial assets. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The Company's customer base majorly has creditworthy counterparties which limits the credit risk.

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the assets meet write off criteria, the company does not reduce impairment allowance from the gross carrying amount.

c. Liquidity Risk

Liquidity risk is the risk, where the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company approaches to ensure, as far as possible, that it will meet sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of Company's financial liabilities based on contractual undiscounted payments:-

Particulars	Rs. lakhs			
	As At March 31, 2026			Total
	< 1 Year	1 to 2 years	> 2 years	
Borrowings from banks & others	-	-	-	-
Trade payables	623.30	-	-	623.30
Other payables	76.89	-	-	76.89
Total	700.19	-	-	700.19

Particulars	Rs. lakhs			
	As At March 31, 2025			Total
	< 1 Year	1 to 2 years	> 2 years	
Borrowings from banks & others	-	-	-	-
Trade payables	446.76	-	-	446.76
Other payables	91.03	-	-	91.03
Total	537.79	-	-	537.79

29 Capital Risk Management:

The Company's policy is to maintain an adequate capital base so as maintain creditor and market confidence and to sustain future development. Capital includes issued capital; security premium and all other equity reserves attributable to equity holders. The primary objective of the company's capital management is to maintain an optimal structure so as to maximize the shareholder's value. In order to strengthen the capital base, the company uses appropriate means to enhance or reduce capital, as the case may be.

KASHIPUR INFRASTRUCTURE AND FREIGHT TERMINAL PVT. LTD.
Notes to the Financial Statements for the year ended March 31, 2026

The company monitors the capital using the Gearing ratio, which is net debt, divided by total capital plus net debt. Net debt is calculated as borrowing from banks & others less cash and cash equivalent & other bank balance.

Particulars	Rs. lakhs	
	As at March 31, 2026	As at March 31, 2025
Borrowing from bank & others (including interest)	-	-
Less: Cash and equivalents & other bank balances	78.01	72.49
Net Debts (A)	(78.01)	(72.49)
Equity share capital	632.07	632.07
Other equity	6,351.94	7,062.64
Total capital (B)	6,984.01	7,694.71
Capital & net debts (C=A+B)	6,906.00	7,622.24
Gearing Ratio (A/C)	-1.13%	-0.95%

30 Micro and small enterprises

The disclosures as per Section 22 of the MSMED Act, 2006 are as follows:

Particulars	Rs. lakhs	
	31 March 2026	31 March 2025
(i) Principal amount remaining unpaid to any supplier as at the end of the accounting year	33.21	28.49
(ii) Interest due thereon remaining unpaid to any supplier as at the end of the accounting year.	-	-
(iii) The amount of interest paid along with the amounts of the payment made to the supplier beyond the appointed day	-	-
(iv) The amount of interest due and payable for the year	-	-
(v) The amount of interest and remaining unpaid at the end of the accounting year	-	-
(vi) The amount of further interest due and payable even in the succeeding year, until such date when the interest dues as above are actually paid	-	-

The above information has been determined to the extent such parties could be identified on the basis of the information available with the Company regarding the status of suppliers under the MSMED Act 2006.

32 Disclosures of leasing arrangements

The Company has operating lease arrangements in respect of equipment which are cancellable and recognised as short-term leases as per paragraph 6 of Ind AS 116. Rental expenses recognized under such leases amounting to Rs. 98.93 Lakhs (Previous Year: Rs. 79.78 Lakhs) has been included under operating expenses in Note 19.

33 Employee Benefits

Defined Contribution Plans

Contribution to Defined Contribution Plans recognised as expense for the year is as under:

Particulars	Rs. lakhs	
	March 31, 2026	March 31, 2025
Employer's contribution to PF	7.29	6.49
Employer's contribution to ESI	-	-

Defined Benefit Plans - Gratuity

The Company provides for gratuity for employees as per the Code of Social Security 2020. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

A. Balance Sheet

Particulars	Rs. lakhs	
	March 31, 2026	March 31, 2025
Present value of defined benefit obligation	11.70	10.94

B. Movement in present value of defined benefit obligation

Particulars	March 31, 2026	March 31, 2025
As at 01 st April	10.94	7.05
Interest cost	0.73	0.50
Past service cost	-	-
Current service cost	3.17	3.13
Actuarial (gain)/loss on obligation	(2.38)	0.26
Benefits Paid	(0.76)	-
As at 31 st March	11.70	10.94

C. Components of defined benefit costs recognised in profit and loss and other comprehensive income:

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Current service cost	3.17	3.13
Past service cost	-	-
Interest cost	0.73	0.50
Net impact on the profit/(loss) before tax	3.90	3.63
Amounts recognised in Other Comprehensive Income (OCI) are as follows:		
Actuarial (gains)/losses arising from changes in financial assumptions	(0.97)	0.52
Actuarial (gains)/losses arising from experience adjustments	(1.41)	(0.26)
Components of defined benefit costs recognised in other comprehensive income	(2.38)	0.26

D. Assumptions

The significant actuarial assumptions were as follows:

Financial assumptions	March 31, 2026	March 31, 2025
Discount rate	7.40%	6.70%
Salary escalation rate	9%	9%

E. Sensitivity analysis of the defined benefit obligation

a) Impact of the change in discount rate	March 31, 2026	March 31, 2025
Present value of obligation as at 31 st March	11.70	10.94
- Impact due to increase of 1.0%	(1.20)	(1.23)
- Impact due to decrease of 1.0%	1.43	1.49
b) Impact of the change in salary increase		
Present value of obligation as at 31 st March	11.70	10.94
- Impact due to increase of 1.0%	1.39	1.44
- Impact due to decrease of 1.0%	(1.19)	(1.22)

Sensitivity due to mortality & withdrawals are not material and hence impact of change due to these not calculated.

34 Fair value measurement hierarchy

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and relevant data available. The fair values of the financial assets and liabilities are included at the amount that would receive to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Particular	As at 31.03.2026				As at 31.03.2025			
	Carrying Amt	Level of input used in			Carrying Amt	Level of input used in		
		Level 1	Level 2	Level 3		Level 1	Level 2	Level 3
Financial Assets								
At FVTPL								
- Investment in AXIS Mutual Fund	271.26	271.26	-	-	102.81	102.81	-	-
At Amortized cost								
- Security deposits	5.39	-	-	-	5.13	-	-	-
- Trade Receivables	179.08	-	-	-	484.00	-	-	-
- Cash & Cash equivalents	31.90	-	-	-	28.31	-	-	-
- Other bank balances	47.19	-	-	-	44.53	-	-	-
Total	534.82	271.26	-	-	664.78	102.81	-	-
Financial Liabilities								
At FVTPL								
-	-	-	-	-	-	-	-	-
At Amortized Cost								
- Borrowings	-	-	-	-	-	-	-	-
- Trade Payables	623.30	-	-	-	446.76	-	-	-
- Others	76.89	-	-	-	91.03	-	-	-
Total	700.19	-	-	-	537.79	-	-	-

The following methods and assumptions were used to estimate the fair values:-

- 1) Fair value of cash and deposits, trade receivables, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to short term maturities of these instruments.
- 2) Fair value of borrowings from banks are estimated by discounting future cash flows using rates currently available for debt on similar terms and remaining maturities.
- 3) Other non-current receivables are evaluated by the company, based on parameters such as interest rates, individual creditworthiness of the counter party etc. Based on this evaluation allowances are taken to account for the expected losses of these receivables.

35 Earnings per share (EPS)

Particulars	Year ended March 31, 2026	Year ended March 31, 2025
Profit/(Loss) after tax (Rs. lakhs)	298.82	247.40
Weighted Average Number of Shares outstanding	63,20,700	63,20,700
Face Value per Share (Rs.)	10.00	10.00
Basic and diluted EPS (Rs.)	4.73	3.91

36 Income Tax:

(A) Amounts recognized in Statement of Profit and Loss

Particulars	2025-26	2024-25
Current Income Tax		
- Current year	-	-
- Adjustment in respect of current income tax of earlier year	-	-
MAT (Credit) Entitlement	-	-
Deferred Tax- Relating to origination and reversal of temporary differences	103.28	88.33
Income tax expense reported in the statement of profit & loss	103.28	88.33

(B) Income Tax recognised in other comprehensive Income

Particulars	2025-26	2024-25
Deferred Tax on Re-measurement losses on defined benefit plans	(0.59)	0.07
Total	(0.59)	0.07

(C) Reconciliation of effective tax rate

Particulars	2025-26	2024-25
Profit/(loss) before Tax	402.10	335.73
At enacted Income Tax Rate @ 25.17% (PY: 25.17%)	101.21	84.50
Tax effect of adjustment to reconcile income tax expenses as per enacted rate with reported income tax expenses:		
Due to change in tax rate	-	-
Effect on expenses disallowed under Income Tax Act, 1961	0.15	3.52
Others	1.92	0.30
Deferred Tax - Relating to origination and reversal of temporary differences	-	-
Income Tax expense/(income) reported in Statement of P&L Account	103.28	88.33

(D) Reconciliation of deferred tax assets, net
